has the pleasure to invite you to attend a

Panel Discussion

To address the topic of:

“Food Safety: Barrier or Enhancer to Trade?”

Food safety can act as a barrier as well as an enhancer to trade. It is important to ensure not only the safety of traded food but also that of food consumed domestically. As such, over the last several months the government has drafted a law for a food safety agency, which is now in front of the People’s Assembly. This agency will be a unifying supervisory authority concerned with implementing standards to ensure the health and safety of food in the domestic market as well as that of Egyptian food exports.

Speakers:

- Dr. Hussein Mansour, Director, Food Safety Agency Management Unit
- Dr. Mahmoud Eissa, Chairman, the Egyptian Organization for Standardization and Quality Control (EOS), Ministry of Trade and Industry
